

EPOXY PATCH KIT

The Epoxy patch kit is can be used to touch up epoxy-coated enclosure in the field, other applications include sealing rivets, bolts, metal joints, seams and welds, cement cracks, pipe couplings, joints and tees. When the resin and hardener are mixed, a gray epoxy is formed which cures at room temperature, has high adhesion and will not sag. It is resistant to oils, acids and chemicals.

FEATURES

Each kit has two containers of material and application instructions
