

FRAME TIE-DOWN BRACKET

The ProLine Frame VELCRO® Tie-Down Bracket provides an easy means to secure and bundle cables using any of the frame's rectangular holes. The bracket can be positioned parallel or perpendicular to the frame and needs no tools to install-just push into any hole and twist to fasten. The proper bend radius is easily maintained with the flexible Velcro tie-down, plus it provides easy initial and future cable installations. The bracket is made of a durable plastic. Both tie-down and bracket are black. Please note VELCRO® is a trademark of VELCRO® Industries B.V.
