

nVent CADDY New Product Introductions

Spring 2025

Our nVent CADDY team of experts take time to create solutions with the customer and their challenges in mind – as well as building code requirements, difficult project challenges, and trends in the current market. Hours of research, product development and engineering go into nVent CADDY products to help solve for several barriers in the electrical and datacom markets. Our new product additions and improved offerings are the culmination of ongoing feedback provided by installation contractors. The results are a testament to our dedication to overall project cost savings, quality and innovation.

Benefits of our new and improved nVent CADDY solutions include:

-  Tool-free Installation
-  Improved Productivity
-  Fast and Easy Installation
-  Designed for Electrical
-  Time & Cost Savings
-  Designed for Datacom

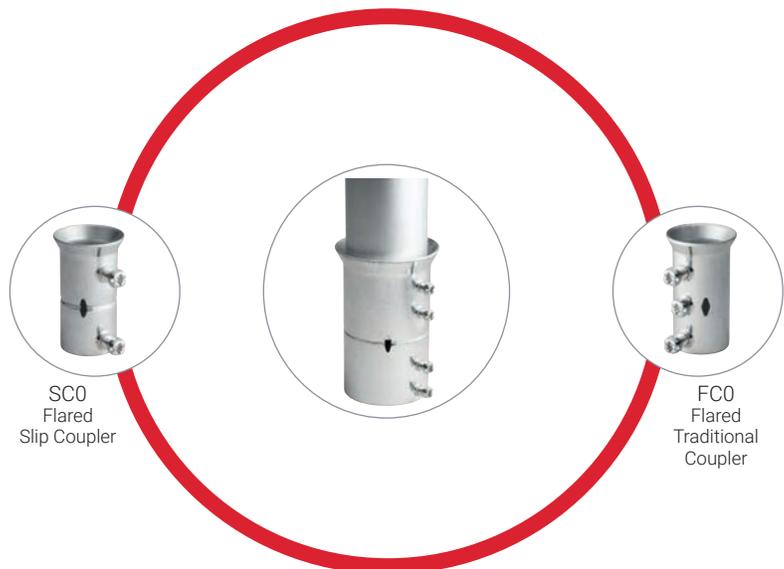

FLARED COUPLERS (FC0/SC0)

Compliant In:  

- Designed for EMT conduit
- Fast and simple installation
- Center viewport assists in conduit placement

Application Image:

SC0
Flared
Slip Coupler

FC0
Flared
Traditional
Coupler

ROD LOCK STRUT CLIP (CRLSC)

- Easy-to-use finger tabs can grip onto any length of strut
- Can accommodate different threaded rod sizes
- Allows fine-tuning of system height, adapting to varying rod-to-rod positions on the trapeze

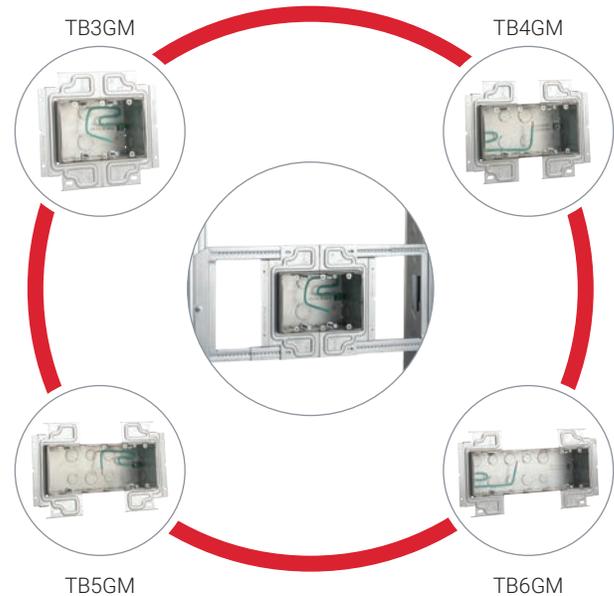

Application Image:

ADJUSTABLE DEPTH MULTI-GANG MASONRY OPEN BACK BOX (TB#GM)

- Adjustable mud ring design accommodates various thicknesses of drywall and can be adjusted after installation
- Snap-on installation to nVent CADDY Heavy Duty Telescoping Bracket allows for easy positioning along bracket
- Features 1/2, 3/4, and 1 in multiple knockouts on the top and bottom; and 1/2 and 3/4 in multiple knockouts on the side
- Choose between four different size options: three, four, five and six gang
- Can be mounted directly to metal studs
- Integral far-side support for on-stud mounting up to 6 in stud depths
- Innovative box lock tab secures box to bracket during assembly
- Open-back methodology provides versatility and installation efficiency

Compatible With:

TB1624HD

TBP4DV1

SELF-CUTTING CABLE TIE (CADTIESC)

- Eliminates sharp edges and protects exposed skin from cuts during installation
- Lock and twist to cut, no cutting tools required
- Different colors including a black UV-protected version to meet specific needs
- RoHS (Restriction of Hazardous Substances Directive) compliant
- Halogen free

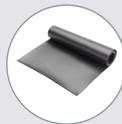

Compatible With:

WBT Performance Cable Tray (WBT)

Hook-and-Loop Cable Tray (CADLOOP)

WBT Performance Cable Tray Polymer (WBTFORM)

Application Image:

WBT PERFORMANCE CABLE TRAY WATERFALL, VERTICAL (WBTWTRVTB)

- Quickly attaches to the nVent CADDY WBT Performance Cable Tray Waterfall
- Supports vertical tray widths of 12 or 20 in
- Safety conceals cable tray cut edges and burrs
- Multiple finishes available to achieve an aesthetically seamless look

Compatible With:

WBT Performance Cable Tray (WBT)

Hook-and-Loop Cable Tray (CADLOOP)

WBT Tool-Free Splice (WBTQSPL)

WBT Performance Cable Tray Waterfall (WBTWTRFALL)

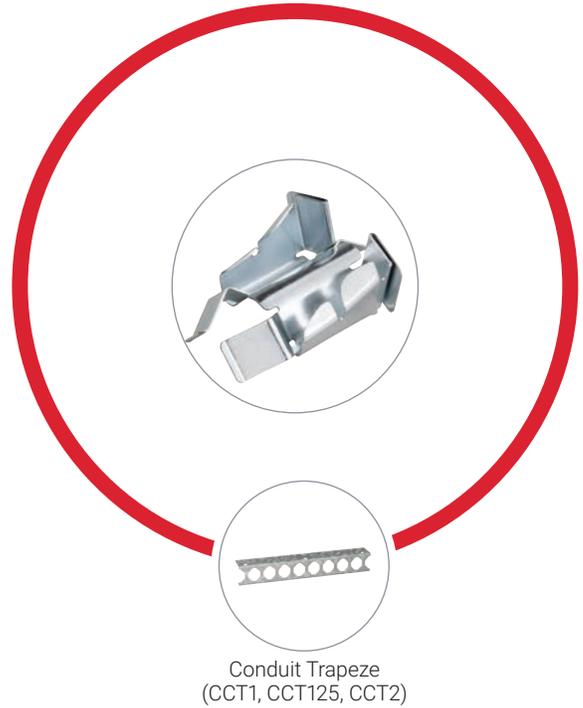

CCT CONDUIT CLIP (CCT####PC)

- Single CCT Conduit Clip can work on multiple sizes of conduit
- Tool-free installation
- Audible click sound indicating secure installation
- Designed to work with nVent CADDY CCT products
- Ideal for prefabrication and on-site installation

Application Image:

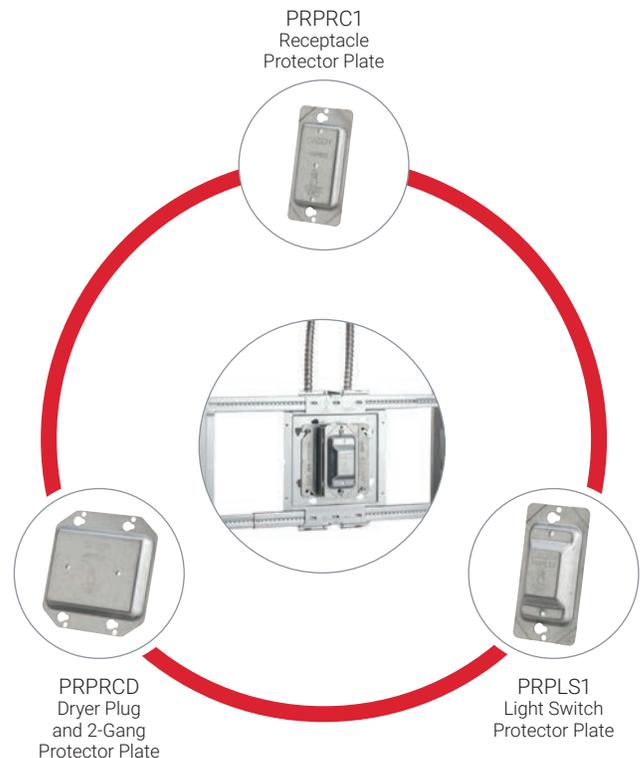

DEVICE PROTECTOR PLATES (PRP)

- Low profile design enables more precise cut around mud ring and device opening
- All holes covered with protective sticker to prevent damage from paint or drywall mud during installation
- Multiple holes for attaching cover plate to device

Compatible With:

| | |
|---|--|
|  AMR |  TBP4DM1 |
|  TS1L4DM1 |  PK4DV1 |

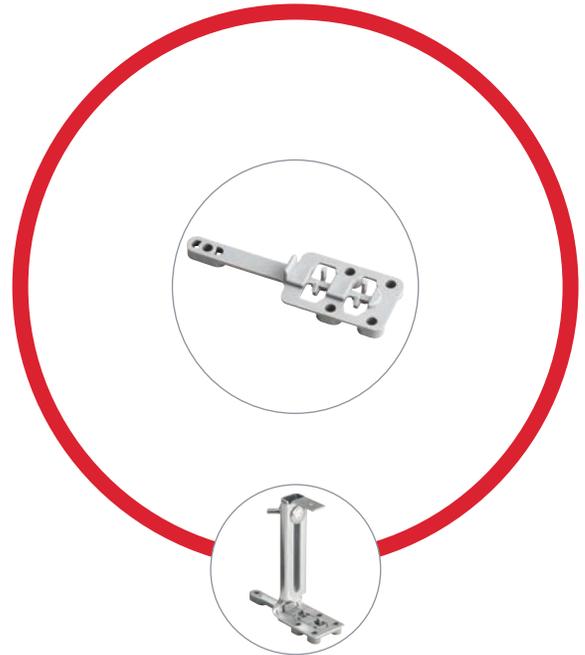

IN-DECK PLASTIC FOOT (FBSPF)

Compliant In:  

- Easy, tool-free attachment
- 1/4 in spacing allows for concrete flow
- Grey color minimizes visibility

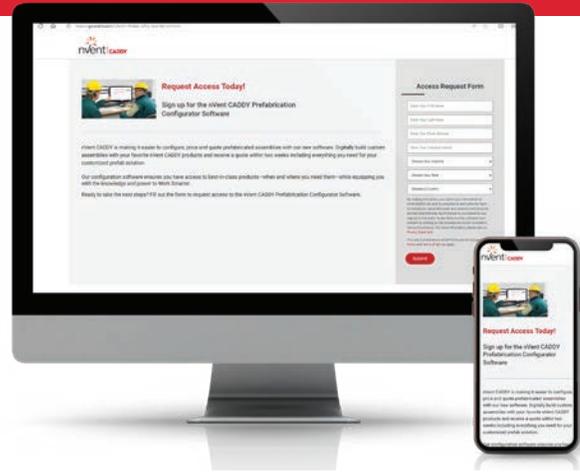

Application Image:

In-Deck Adjustable Box Support
(ABS1/2)

nVent CADDY Prefabrication Configurator Software

- ✓ Digitally configure, price and quote prefabricated assemblies
- ✓ Customize with your favorite nVent CADDY products
- ✓ Receive a quote within two weeks

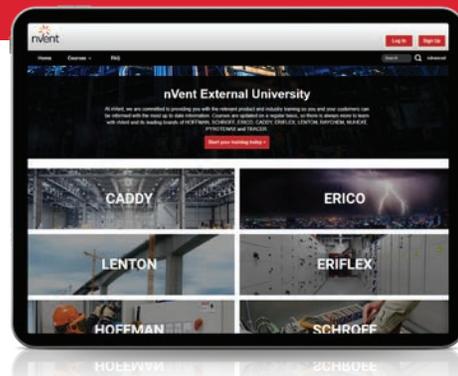

nVent BIM Library

- ✓ Appeal to clients with data-rich 3D modeling capabilities
- ✓ Enhanced Visualization: Create realistic projects in live time
- ✓ Clash detection quickly identifies and resolves issues, limiting errors on-site and maximizing cost savings
- ✓ Design, support and service when and where it's needed

nVent Training Resources

- ✓ Hundreds of free training courses available to enroll in
- ✓ Relevant product and service trainings for your industry
- ✓ Both recorded webinars and [Live Webinar Schedule](#)
- ✓ Previous nVent CADDY new product launch recordings available on demand
